Pest Sighting Log

Month _____ Facility/School _____

Contact _____

1. Please make a record of all pest sightings below. Be very specific as to where in the building and room the pest was seen.
2. Each sighting will be used by the Pest Management Professional to track and follow up on corrective action.

Day, Date and Approx. Time	Type of Pest	Specific Location	Person reporting pest(s)	Checked by PMP and Date

Note: Occasional invaders such as a cricket, spider or other common outdoor pest should be addressed on our regular visit. Emergency visits will be made for stinging or biting pests, German roaches, ants indoors or when common outside pests have entered in large enough numbers to disrupt the normal routines of the occupants or present a health threat.

Additional copies of this form may be obtained from our website or we can email them to you.
